

DIY Modern Master Bath Remodel Custom Tile Shower Install

138132- CRAINE MASTER BATH

Sublime 12x24
(Happy Floors) Dry Floor
Offset Brick- Ash grout

Carrra Basketweave
(MSI)
Shower Floor & Niche

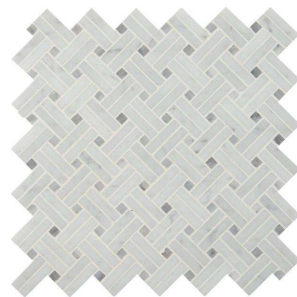

18" Shower Seat

DRY FLOOR GROUT: #642 ASH
WALL GROUT: #640 ARCTIC
*Tight grout joint

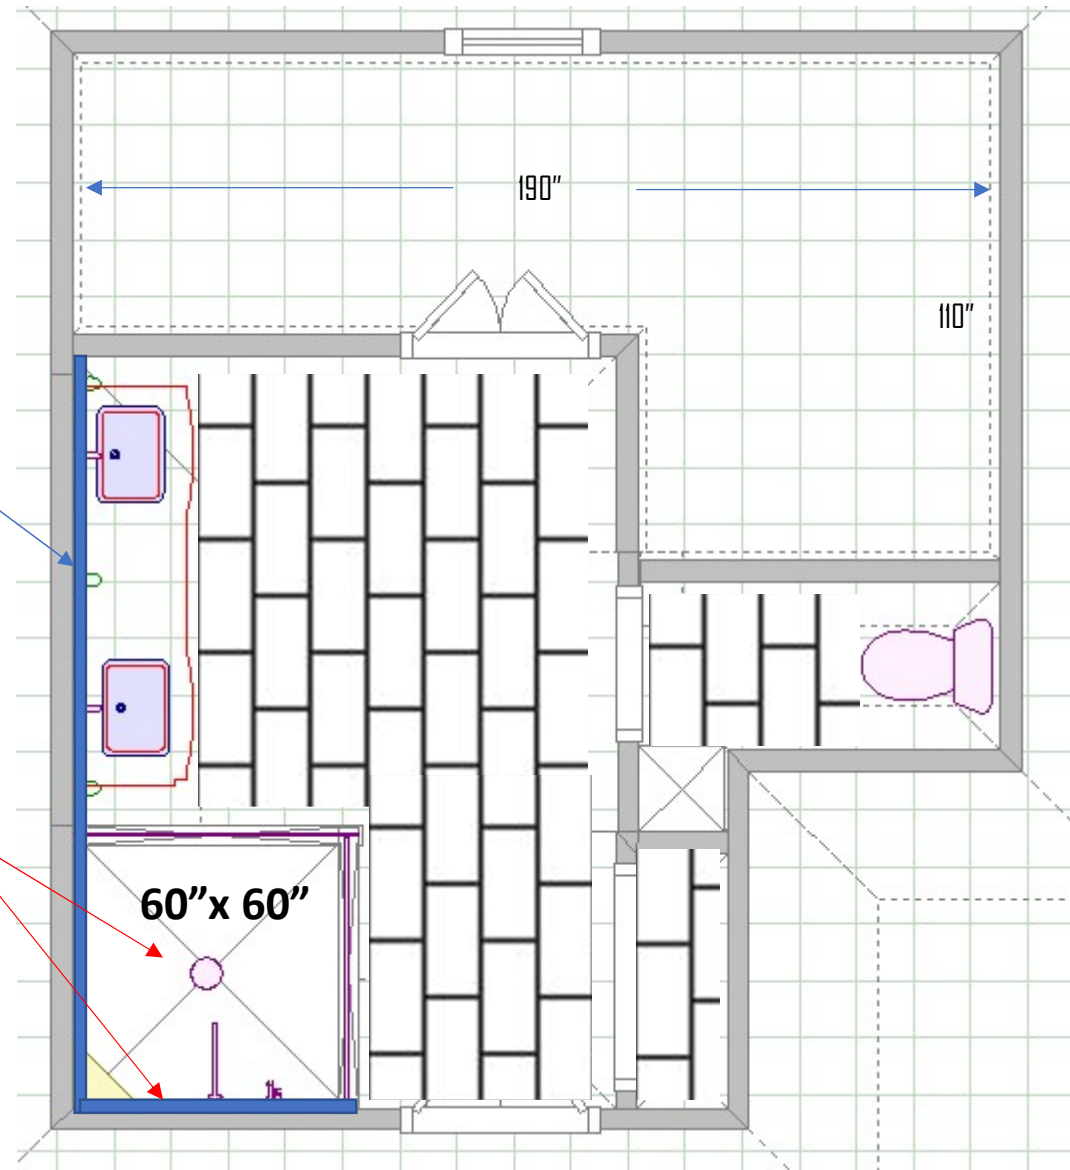

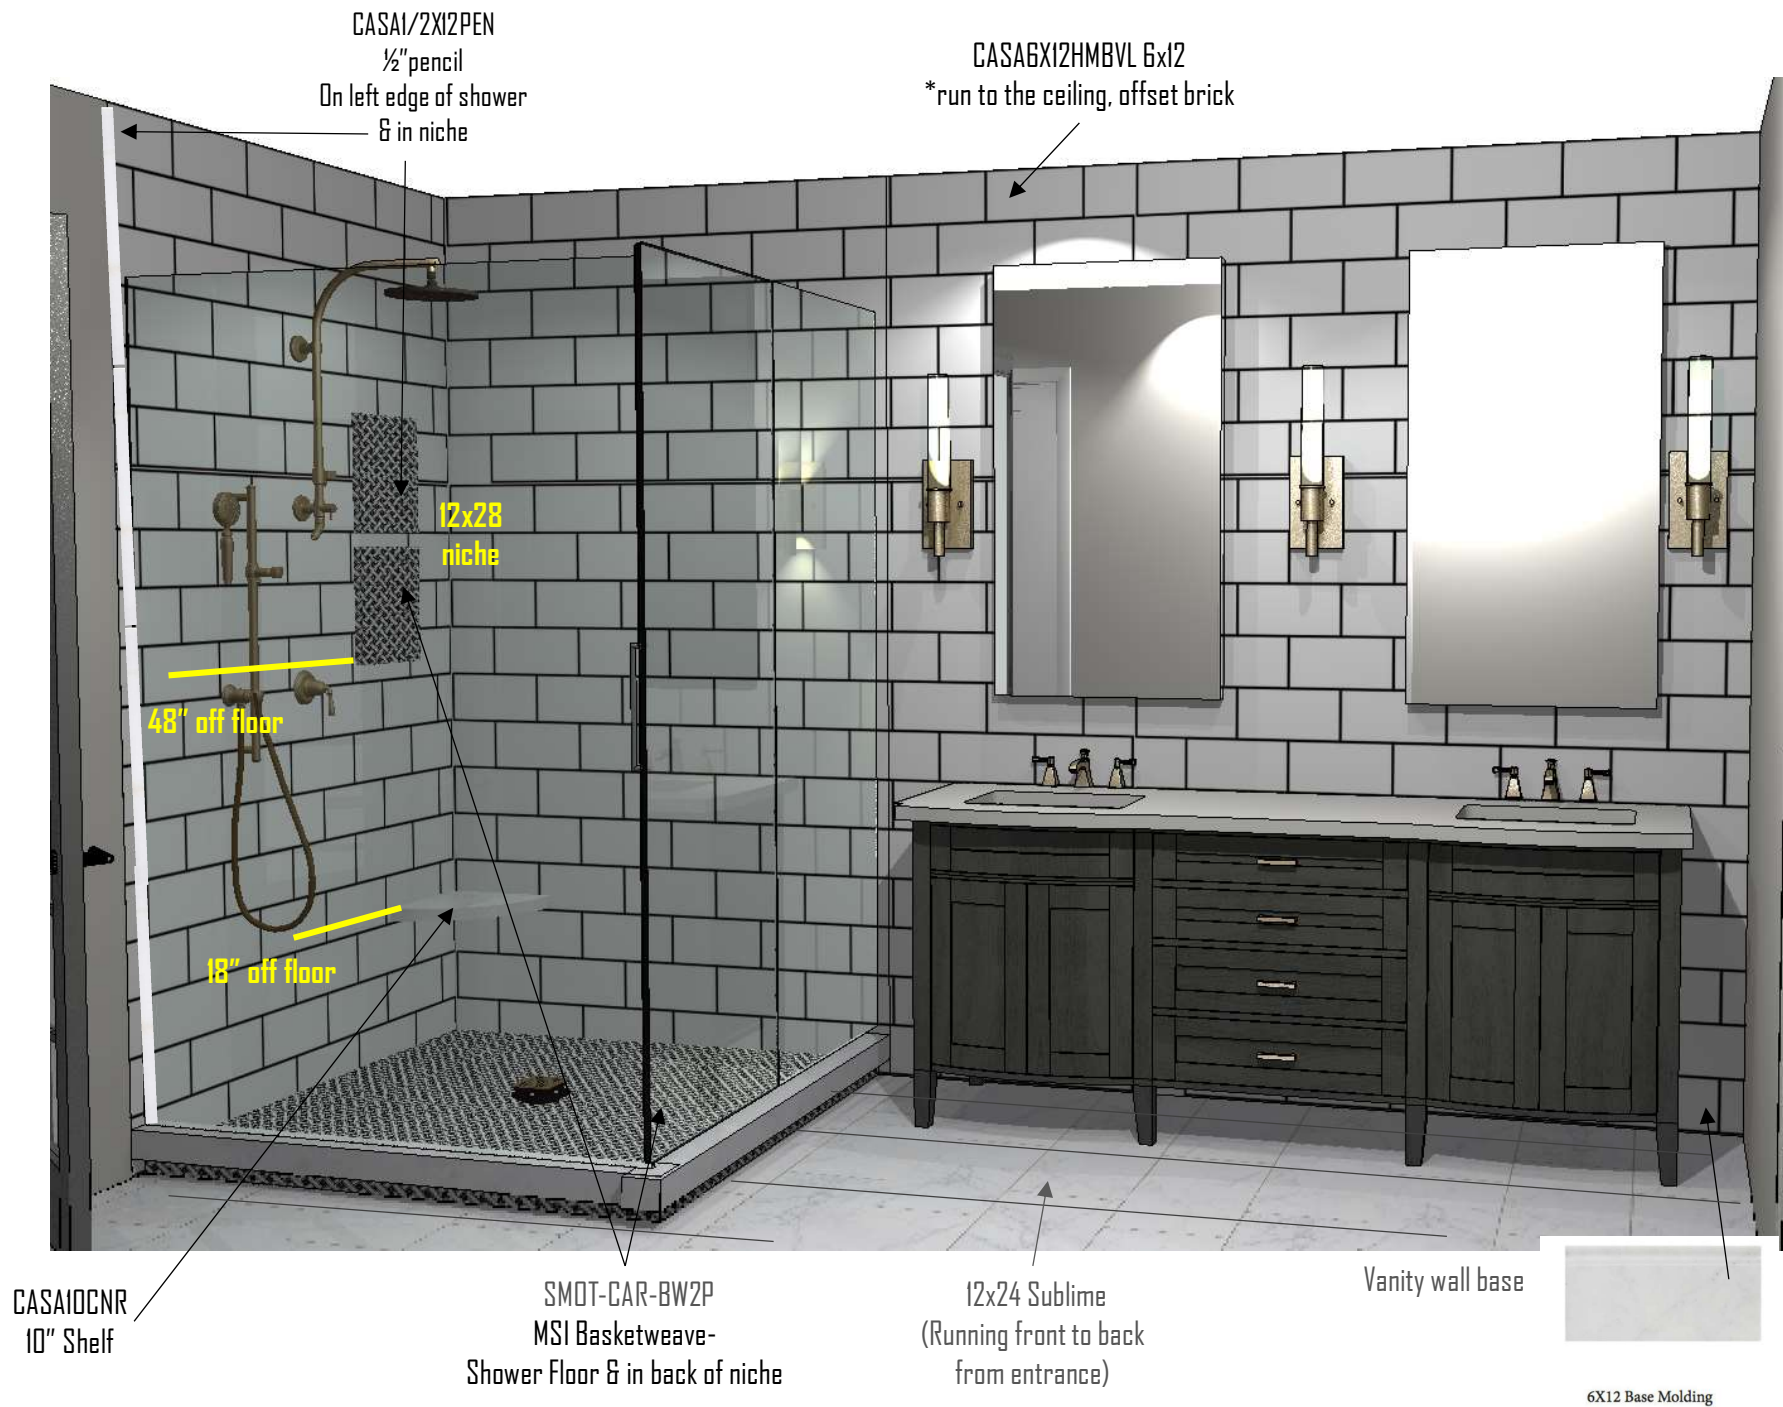

Casa Bianca 6x12
(Speartek) Walls

6X12 Base Molding

1/2 x 12 marble pencil.

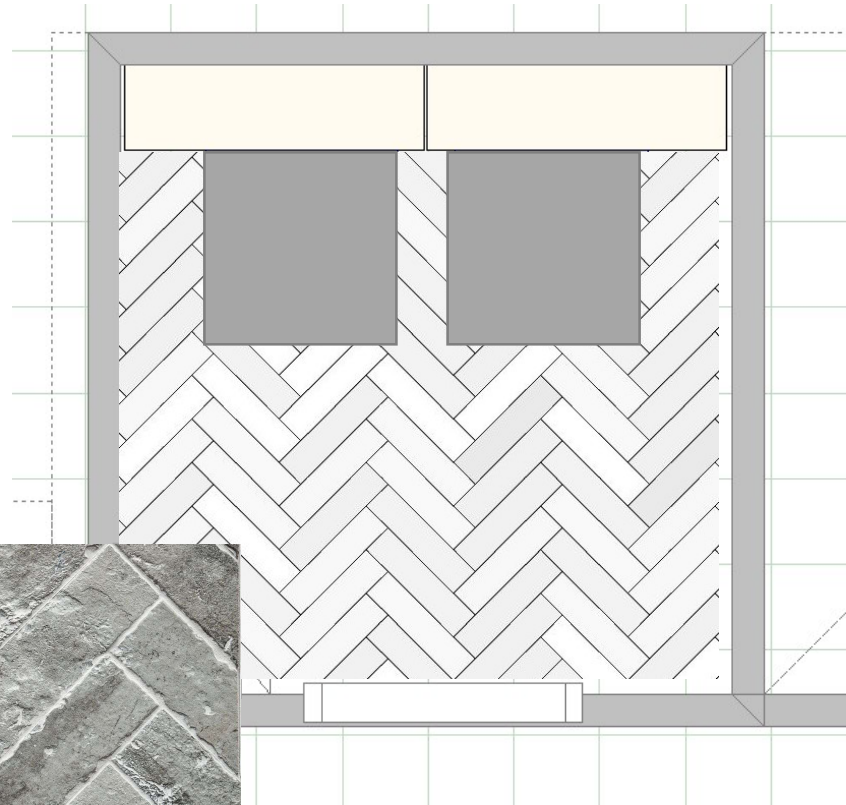

138132- CRAINE LAUNDRY FLOOR

*Located off of family room near garage

**Brickwork- Alcove 2x8
(Daltile)
Grout TBD**

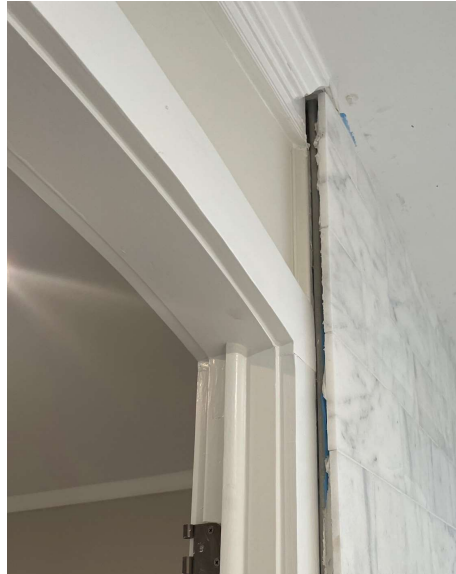

FLOOR GROUT: #335 WINTER GRAY
*Tight grout joint

Herringbone
pattern

MASTER BATH-
SHOWER WALL EDGE NEAR DOOR

- Exposed ends look unfinished. I cant figured out why it sticks out so far. Why the backerboard is sitting out from finished drywall above door.
- I had a pencil on the job, it wasn't installed, but isn't going to be tall enough to cover the 1 1/8" end. Need a solution.

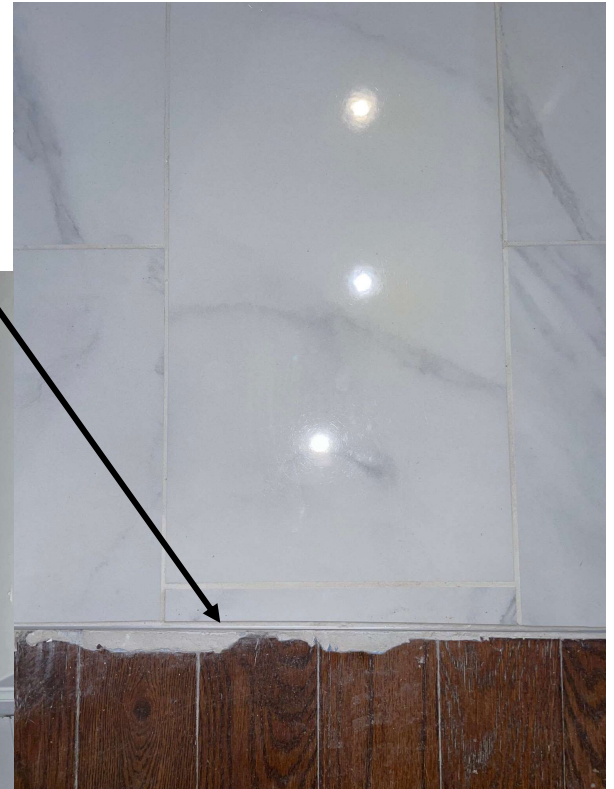

CRAINE 138132

CRAINE 138132- update 3.25

- Door threshold, gaps between wood and metal piece.
 - There is damage to the wood, where grout & painters tape were left on the wood. Customer is requesting a marble threshold be added to cover.
-
- Tile is water closet , has irregular cuts. But I think should be covered with the quarter round.
-
- When tile was grouted last, it looks like the wall grout was used (Arctic). Instead of the Original Floor Gray: Ash.

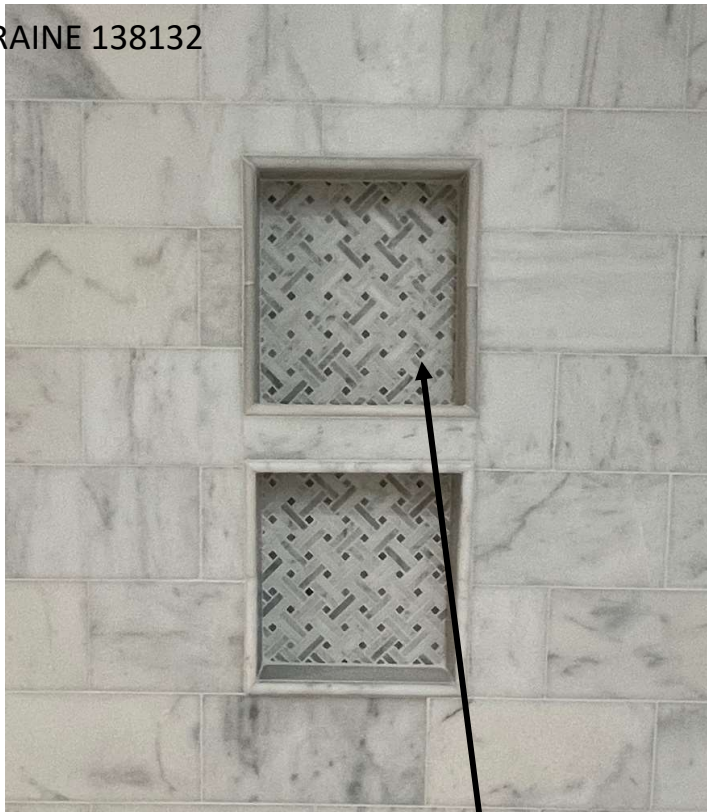

Look at:

- Entry tile
- Linen closet (right of entry)
- Water closet

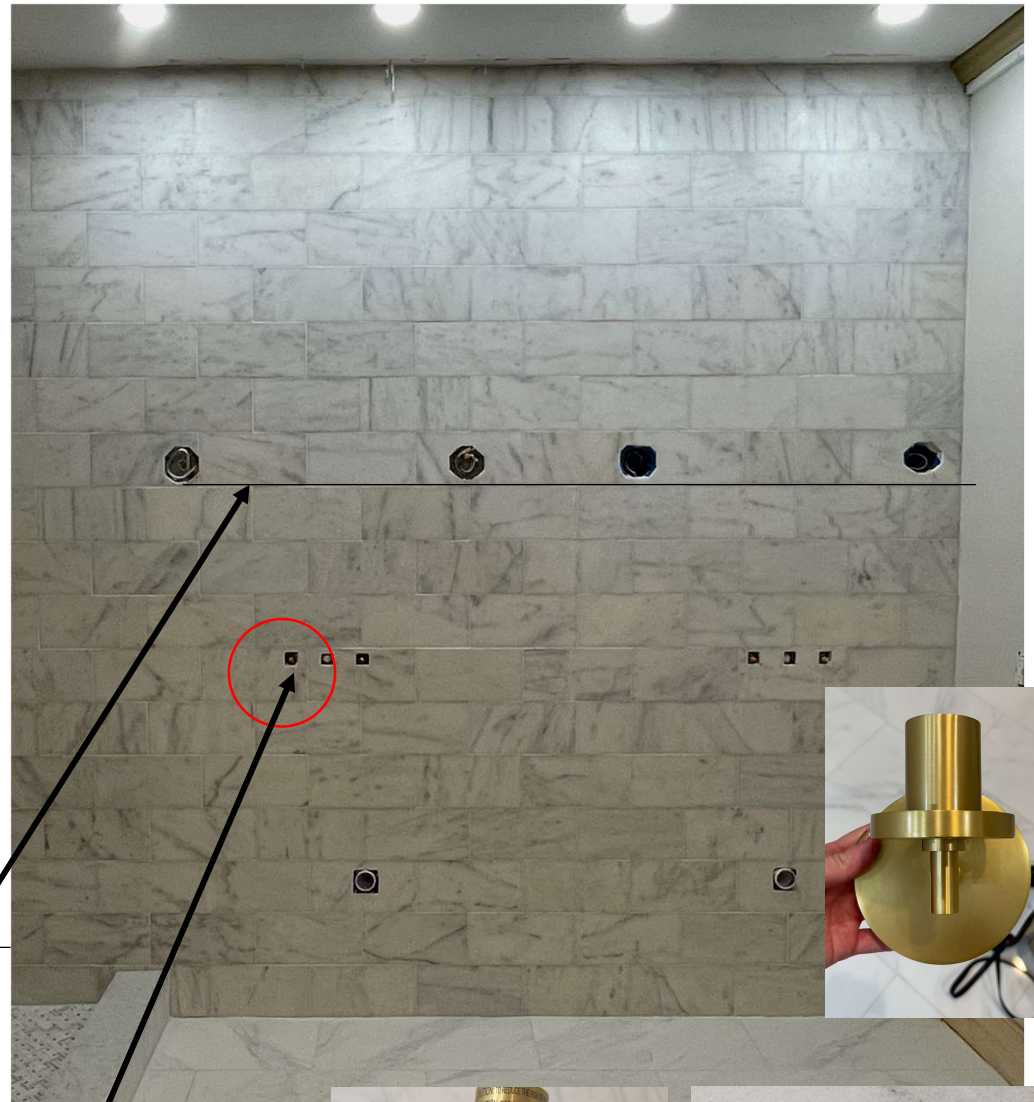

CRAINE 138132

CRAINE 138132

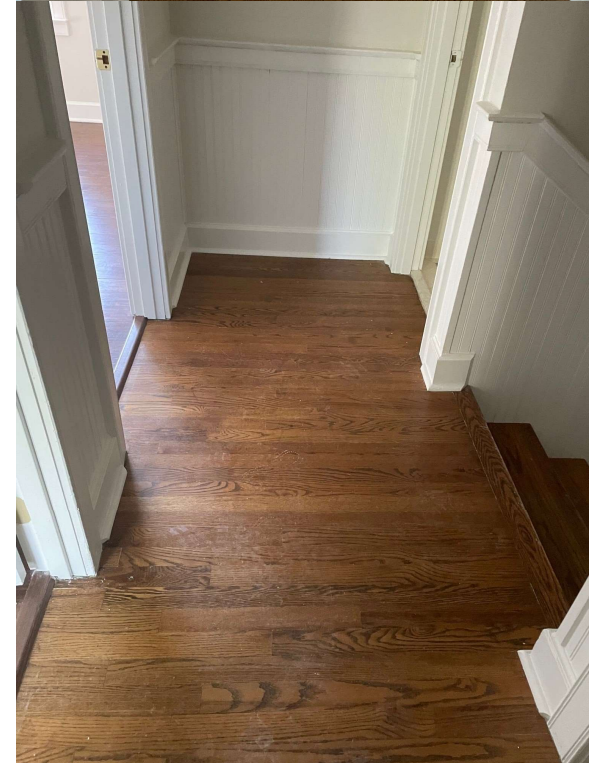

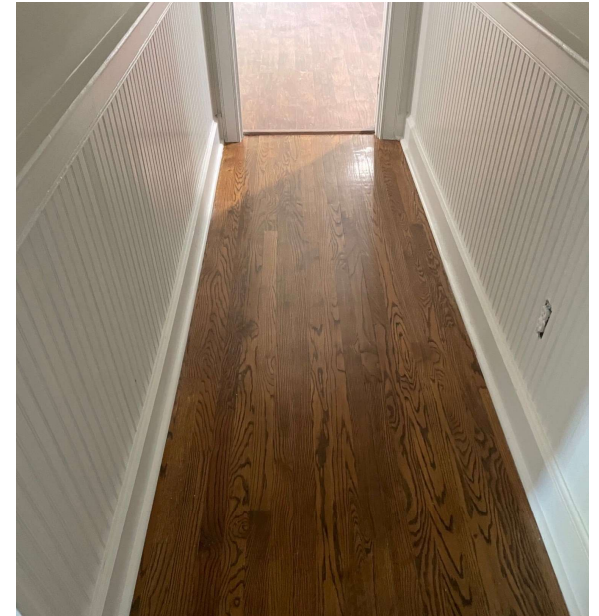

- Pencils around top niche are visibly darker. Customer wants replaced.
- 4 wall sconces, have a @ 1" variation in height from floor to bottom of cutout, from left to right.
- There can be very little adjustment on sconce backplate location, because size of cut-out is almost bigger than backplate in some areas. Tile will need to be replaced & recut.
- Check left faucet handle cutout left sink. Damaged stone may be seen outside of the faucet backplate

UPSTAIRS HALL-

Refinish wood to match stairs
Carpet closet

- What is left on the job, for the master bathroom.

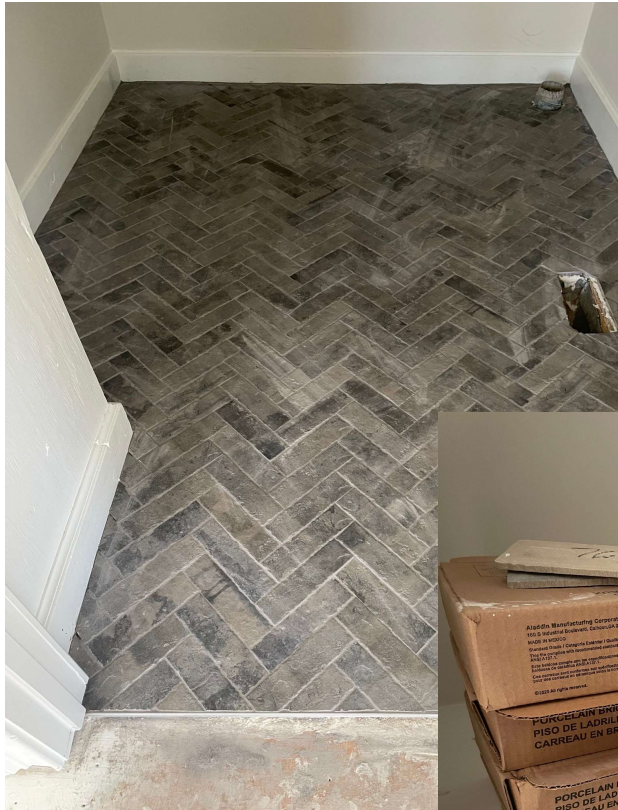

CRAINE 138132

LAUNDRY ROOM- (off of family)

- Homeowner mentioned in notes over the weekend that the tile was a mess. Needed to be cleaned.
- There are 3 full boxes left over. To be returned.

FAMILY ROOM- (off of garage hallway)

- We are installing new wood in this space. Confirm existing floor vents

CRAINE 138132

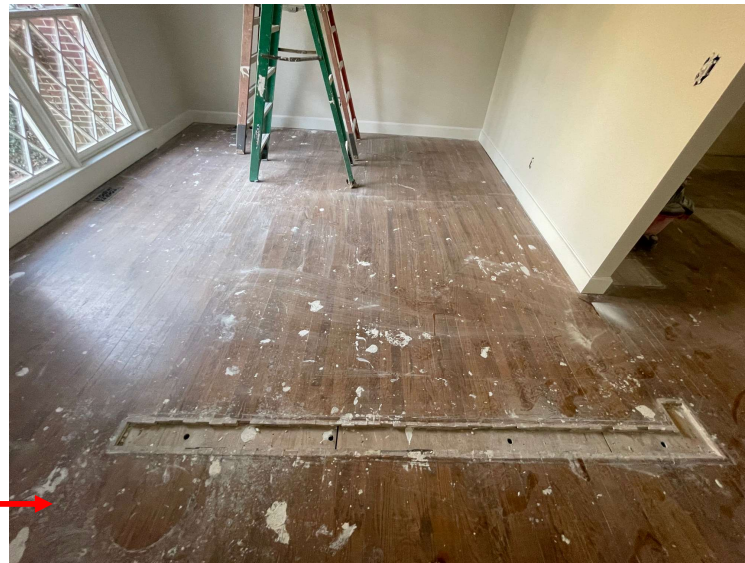

DINING-

- Area where wall was removed, new wood with need to be laced in.

KITCHEN-

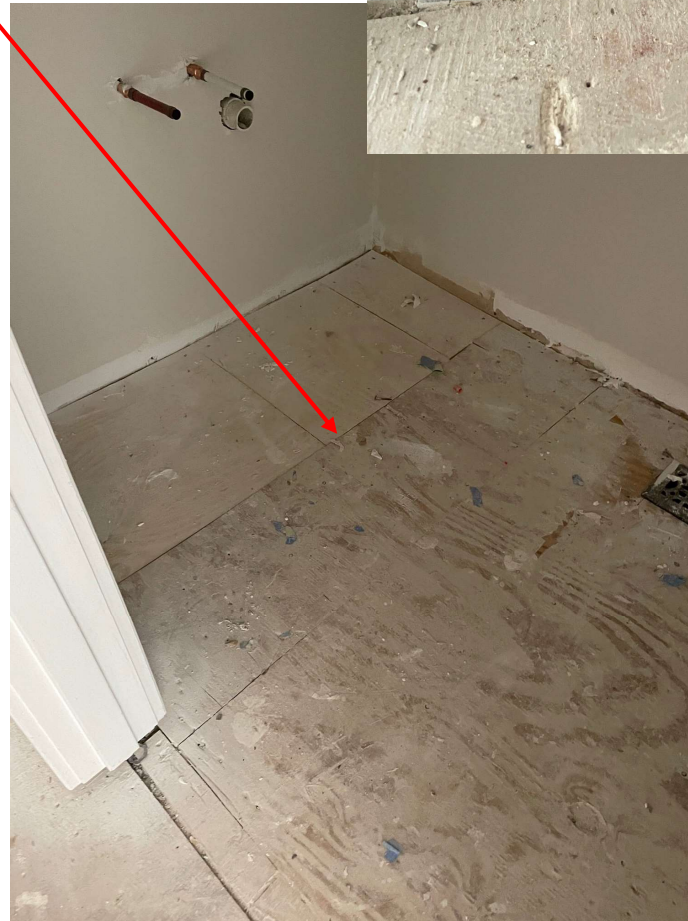

- This is the vent that was relocated. Arrow shows hole that will need to be covered. She talked to Kristin about this area.

CRAINE 138132

GARAGE HALLWAY/POWDER (off of kitchen)-

- New wood is being installed.
- Subfloor of hallway and existing hardware are at the same level. Need a transition for the height difference?
- Powder Room sink is a freestanding furniture piece. Wood install before cabinetry install.
