

DCO FUN

DCO goes virtual!

If one thing is for sure, it's that the DCO Family is resilient! We had to take some operations virtual this month and our employees are adjusting well to working in new ways. We know how tough it can be figuring out new technology and dealing with some new (and a lot younger or furrier) coworkers, but everyone has met this challenge with a smile! We collected a few "working from home" pictures that made us smile! Hope everyone is staying healthy and safe!

Virtual Happy Hour

We may not be able to all meet up in person, but happy hour can always go virtual! Dalton Carpet One had a fun little happy hour this month where employees came together over Zoom to relax with their online coworkers! We loved seeing everyone's faces and especially appreciated everyone dressing up for the theme!
